

## This Week in Our Classroom

### Kay Class

Kay Class have been busy exploring letter formations through sensory play. Pupils have enjoyed using a variety of textures and materials to trace, shape, and build letters, making learning both fun and interactive.

### Hegarty Class

Our KS3 class continues their exploration of A Christmas Carol, delving into Dickens' timeless themes of generosity, redemption, and social responsibility. Pupils are engaging thoughtfully with characters and context, deepening their understanding of literature while connecting lessons to modern life.

### WELCOME

As we approach the end of term, I want to take a moment to reflect on the achievements and experiences that have shaped our school community over the past months. It has been a term filled with learning, growth, and memorable moments. Our pupils have shown resilience, creativity, and kindness in all they do, and I am incredibly proud of the progress they have made both inside and outside the classroom.

### Staff Hall of Fame

We're delighted to introduce Crystal, our wonderful Teaching Assistant who supports Primary. Crystal brings energy, kindness, and dedication to everything she does, making learning a joyful experience for our pupils. Outside the classroom, Crystal has a favourite comfort meal she loves to share – Pasta bakes! 🍝 Whether it's a cheesy classic or a creative twist with veggies, it's her go-to dish that always brings a smile.

We're so lucky to have Crystal as part of our team, supporting and inspiring our Primary learners every day.
